# DEKA SOLAR WARRANTY PROGRAM

Any Deka Solar battery that fails due to faulty workmanship and/or material, within the free replacement period, will be replaced for the original purchaser, without charge.

Any Deka Solar battery that fails after the replacement-guarantee period but before the total warranty period, will be replaced to the original purchaser, upon payment for the number of months of service received. Such payment to be based on the current Deka Solar list price.

*This guarantee and adjustment policy does not cover:*

- (1) Wet batteries kept in stock for more than six months;
- (2) Batteries kept in stock more than twelve months;
- (3) Any battery that has been opened or from which the code markings have been obliterated;
- (4) Breakage of container, cover or posts;
- (5) Unserviceability due to abuse or neglect, sulphation, fire wreckage, collision, explosion, freezing, addition of any chemical other than approved water or battery grade sulphuric acid of proper specific gravity, use of a group size smaller than that of the original equipment battery, operation in discharged condition, or overcharging;
- (6) The cost of transportation, service calls, recharge or use of rentals.

All batteries will be picked up by East Penn / Power Battery for inspection. Batteries still in serviceable condition will be returned to the customer and may be subject to a minimal fee.
